Letter of congratulation on banning of fur trade

Your Honorable Mayor, Mr. Fernando Haddad;

In profound esteem that I join the global voices in congratulating you on your foresight and compassion to ban the brutal and cruel fur trade from your beautiful Sao Paulo City.

Your vital bill gives claim to Sao Paulo, with a population of 16 million to be the largest city of four worldwide to take this ethical step towards an evolved and empathetic future.

As the Member of Knesset (the Israeli Parliament) presenting and leading our Anti-Fur bill, it is my heartfelt hope that our new parliament, the 20th Knesset, shall follow your standard and vote in our own bill to ban the horrid and heartless fur trade.

I have full anticipation that the Israeli government shall follow your example, as well as the example of other governments and municipalities, and ban the barbaric fur trade too.

Sincerely

Dr. Dov Khenin

Member of Knesset
